To the Licencing Manager

I am sending this message on behalf of some of the elderly listeners of our local community radio station 4CCC 99.9 to let you know that they listen to it all the time, and wait for the info that is given out over the radio on forth coming events and also of dates and times of the monthly bus trip to Cairns that is offered by our local bus company.

They particularly enjoy the music as most of it is easy to listen to, so you can understand why they want to see 99.9 keep going on the air, so please help to keep these elderly citizens and the community happily listening to 4CCC 99.9

Many thanks,

Jean.
