Dear Sir/madam,

As we are on the edge of Clearleveille's 4 VL reception area and thus get a bad reception I would like to add my name to peoples requesting for a repeater station in this area. 4 VL has many interesting bits of news of our area that is never repeated by such stations as 4 ZR or 4QS. Because of business and family in the Clearleveille area we would feel gratified if we got some of the Clearleveille 4 VL news of our area. Getting local news from either of the other two stations is very hard and it would be a pleasure to know what's going on in our area.

Thanking you,

Yours,

NHK Garland
