Please if it is within your power allow us here in Mitchell to have the opportunity to listen to 4VL let it happen. It would be pleasing to hear music that we enjoy. It would be an advantage to hear information and news more relevant to our area. Our town is known as 'The Gateway to the West' let us hear what is happening here from our Mayor and Councilors and also things that happen west of here.

We enjoyed 4VL 30 years ago when in Charleville and would like to be able to hear it again now.

Yours faithfully,
Keith & Judith Everett
