30/01/2006

Dear Sir

I write to support 90.5 Sport FM in their quest for a 24 hour 7 day a week radio licence.

As the Opposition Spokesperson for Sport & Recreation in Western Australia, I feel that the station provides exposure for community sport, which in turn enhances participation.

Some of the sports covered by the station’s enthusiastic band of volunteers such as the Pura Cup Cricket receive limited coverage from other media outlets.

If granted the licence, I would assume that 90.5 Sport FM would still provide the music programmes currently aired by Capital Radio.

If any further information is required, please contact the undersigned.

Yours Sincerely,

Trevor Sprigg MLA  
MEMBER FOR MURDOCH
